

EMERGENCY SERVICES

MINNESOTA STATEWIDE CRISIS HOTLINE: DAY ONE® Through the Day One® program, Cornerstone hosts the statewide crisis hotline that provides support to callers and connects them to the nearest service or agency in their geographic area. It is staffed around the clock, seven days a week, with advocates who can provide victims of domestic violence, sexual violence and human trafficking with options and immediate access to safe housing and other resources.

MINNESOTA CRIME VICTIM SUPPORT LINE Through the Day One® program, Cornerstone hosts the statewide general crime victim support line. Under Minnesota law, a crime victim is defined as a person who incurs loss or harm as a result of a crime. It is staffed around the clock, seven days a week, with advocates who can answer questions, provide support and offer referrals to necessary resources.

ADULT SERVICES

The following services are available to adults impacted by domestic violence, sexual violence and/or human trafficking.

INDIVIDUAL & GROUP SUPPORT Individual appointments can be made to speak confidentially with an advocate about your situation. In addition, a variety of educational and support groups are also available.

ECONOMIC EMPOWERMENT SERVICES Advocates are available to assist survivors with addressing economic barriers resulting from violence: housing de-stabilization, job readiness, credit/debt issues, financial literacy and safety needs. Services also include transitional housing and access to matched savings accounts for cars, homes or continued education.

CLINICAL THERAPY SERVICES Our therapy team utilizes a trauma-informed approach and will listen and support survivors in processing traumatic events. Therapists are available to help deal with a range of issues, including anxiety, depression or disrupted family functioning. Services are offered on a sliding fee scale.

CRIMINAL & CIVIL JUSTICE INTERVENTION SERVICES Advocates work with police departments to provide services when an incident of interpersonal violence occurs and can assist in pursuing protective orders. Advocates provide court accompaniment, safety planning and referrals. Advocates are available for support throughout the court processes, working toward victim safety and offender accountability.

GENERAL CRIME VICTIM ADVOCACY SERVICES (GCVS)

Our general crime services provides a full range of advocacy and crisis intervention for victims, families and community members affected by crime and violence. Examples of general crime include burglary, identity theft, homicide, robbery, fraud, auto theft and bias/hate crimes.

CHILDREN AND YOUTH SERVICES

YOUTH ADVOCACY Youth advocates are available to meet with children, youth and their families to learn more about how violence impacts their social, emotional, physical and behavioral health – and to develop strategies to heal from any past traumatic events.

SUPPORT GROUPS, CLASSES & WORKSHOPS Cornerstone also provides prevention and advocacy for sexually exploited or at-risk youth – providing a safe place to share their stories, receive support and explore resources.

Young people participate in diverse out-of-school time activities such as peer education groups, recreational activities and leadership opportunities designed to promote positive development.

SCHOOL-BASED SERVICES Educators are in more than 20 schools in suburban Hennepin County, speaking with thousands of students each year and offering classroom education and individual support on the topics of dating violence, bullying, cyber-bullying, unhealthy anger/aggression, sexting, harassment and sexual violence.

PARENTING & EARLY CHILDHOOD SERVICES Parents are provided with a safe space to discuss strategies on parenting children ages birth-17 who have been exposed to adverse childhood experiences. Staff provide creative approaches to setting appropriate boundaries, building relationships and understanding the developmental needs of their children. Specialized activities are also available for children ages 0-5.

CLINICAL THERAPY SERVICES Therapists provide assessment, treatment and support for children and youth ages 6-17 and their families who have been impacted by abuse. The focus of their work is to help children process traumatic events and provide healthy coping skills to assist with the healing journey.

CORNERSTONE IS A MULTI-SERVICE ORGANIZATION

founded in 1983. We are dedicated to helping individuals experiencing domestic violence, sexual violence and human trafficking achieve safe, healthy and stabilized lives for themselves and their children. We are also committed to ensuring that all victims of crime have crisis support and services available to address trauma and its consequences.

“You helped me. It changed my life.”
